### RECORD MEMBERSHIP.

THERE can be no finer evidence of the progress of the Association and consequently its increased value to its members particularly, and the service generally, than the fact that its total membership, as declared at the end of January, has exceeded fifty thousand.

Considered broadly, of course, this growth in membership is due to the Association's foresight and vigour in planning and working for the benefit of those within its fold, and there can be no doubt that for every Local Government Officer the advantages of belonging to N.A.L.G.O. are worth considerably more than the modest subscription asked.

The membership figure is easily explained by the broad generalisation that it is advantageous and profitable to belong to the N.A.L.G.O., but there is something more behind the figures than that. There is a record of brilliant organisation, efficient direction and sheer hard work by everybody concerned—the President and other Honorary Officers, the members of the National Executive Council and those other hardworking units, the Branch Secretaries and Local Correspondents.

# Sanitary Inspectors' Association and the N.A.L.G.O.

The Special Sub-Committee appointed by the National Executive Council at its meeting on the 19th October last to confer with representatives of the Sanitary Inspectors' Association in regard to certain evidence given by N.A.L.G.O. witnesses before the Royal Commission on Local Government, report that they have met in conference the said representatives on two occasions. It will be remembered that the following resolution was adopted by the National Executive Council on the date above named:

"That a communication be forwarded to the Royal Commission for publication in the proceedings of the Commission to the effect that certain portions of the evidence given by the Association's witnesses have been interpreted as being disparaging to Sanitary Inspectors, but the witnesses would like to make it quite clear that such was certainly not their intention. Their object was to promote the interest and status of officers; to attempt to secure a more satisfactory system of recruitment and training in order better to qualify officers in all sections of the Local Government Service, including Sanitary Inspectors. The fact that Sanitary Inspectors were used for illustrative purposes had no special significance."

It was ascertained before the first Conference that the final report of the Royal Commission had been printed and circulated and therefore no good purpose would be served by forwarding to the Commission the above resolution. The Conferences have been of a friendly character and as a result of the deliberations the Special Sub-Committee submit the following:—

- (1) The Sub-Committee agree that some of the evidence given by the N.A.L.G.O. witnesses before the Royal Commission might be regarded as disparaging to Sanitary Inspectors. They are, however, satisfied that the witnesses had no intention of reflecting injuriously on Sanitary Inspectors or their work.
- (2) The Sub-Committee agree that the subsequent publication of the evidence relating to Sanitary Inspectors in the "Sanitary Journal" was made in good faith and solely with a view to giving the members of the Sanitary Inspectors' Association the fullest information, and that there was no desire in any way to misrepresent the general tenour of the evidence of the N.A.L.G.O. witnesses.
- (3) The Sub-Committee are definitely of opinion that there is no justification for the assumption that in the protests made or action taken any member of the General Council of the Sanitary Inspectors' Association was animated by ulterior motives or was desirous of engineering or engendering strife.
- (4) The Sub-Committee regret that the unfortunate delay which has occurred since the question was

*It will be remembered that just over a year ago the Sanitary Inspectors' Association took exception to the phrasing of evidence given by N.A.L.G.O. witnesses before the Royal Commission on Local Government.*

*We are glad to report that the points at issue have been settled after negotiation and we reproduce here the agreed statement by the members of the Special Sub-Committee after conference with the Sanitary Inspectors' Association which has been approved by the N.E.C. and the General Council of the Sanitary Inspectors' Association.*

first raised by the Sanitary Inspectors' Association in February, 1929, has rendered it impossible for them to carry out the decision of the National Executive Council to communicate with the Royal Commission, and they express regret that anything should have been said and done which has caused severance of official relations between the two Associations. Further, they agree that if in any projected legislation attempts are made to use the evidence given by N.A.L.G.O. witnesses to the detriment of Sanitary

Inspectors the N.A.L.G.O. should use every endeavour to counteract same.

The Sub-Committee recommend that the above report be accepted by The National Executive Council, and published in the March issues of the "Local Government Service" and "Sanitary Journal."

They further report that the representatives of the Sanitary Inspectors' Association, having considered the foregoing report, are prepared, subject to its acceptance by the National Executive Council and the publication thereof in the two Journals above named, to recommend to the General Council of the Sanitary Inspectors' Association the resumption of official relations.

## Cost of Living Index Figures.

Below we give the average monthly percentage increase in the Cost of Living Index for the past six months:—Sept., 64; Oct., 65; Nov., 67; Dec., 67; Jan., 66; Feb., 64.

The percentage increases in each of the five groups on which the Index Figure is based are as follows:—

	Dec., 1929.	Jan. 1930.	Feb., 1930.
Food (7½) ... ..	59	57	54
Rent (2) ... ..	52	52	52
Clothing (1½) ... ..	115	115	115
Fuel and Light (1) ... ..	75	75	75
Other Items (½) ... ..	80	80	80

The figures in brackets denote the proportion of each item out of a total of 12½ as calculated by the Ministry of Labour.

In regard to rent the statistics of the Ministry of Labour now take into account decontrolled rents of working-class dwellings.

## Cost-of-Living Bonus.

The cost-of-living figures for the past six months (September to February) were 64, 65, 67, 67, 66 and 64, an average of 65.5. Movements of less than 5 full points being ignored, the effective figure for bonus purposes is 70, and therefore the standard set by the Government for the past six months will be operative from 1st March to the end of August, 1930.

# Special Conference.

Central Hall, Westminster, Saturday, 15th March.

The Agenda for the Special Conference convened for 3 p.m. on Saturday, the 15th March, 1930, at the Central Hall, Westminster, consists of a Report by the National Executive Council on the proposed amalgamation with the National Poor Law Officers' Association, together with a Notice of Motion covering the terms and conditions. The Agenda, copies of which have been despatched to Branches, is printed in full below:—

## Agenda.

### PROPOSED AMALGAMATION WITH THE NATIONAL POOR LAW OFFICERS' ASSOCIATION.

#### REPORT OF THE NATIONAL EXECUTIVE COUNCIL:—

Arising out of the passing of the Local Government Act, 1929, and the transfer of the Poor Law Service to the County Councils and County Boroughs on the 1st April, 1930, a series of conferences have taken place during the last six months between N.A.L.G.O. and the two Organisations representing Poor Law Officers:

The National Poor Law Officers' Association and  
The Poor Law Officers' Union.

The object of the conferences was to find a basis upon which a united Local Government Organisation could be established from the 1st April. The National Executive Council is convinced that it is in the best interests of all Local Government Officers that one Organisation should function. In December, 1929, tentative proposals were submitted to both Organisations, but the Poor Law Officers' Union at a delegate conference held on the 7th December, passed the following resolution:

"That the question of amalgamation with the National Association of Local Government Officers be not considered."

The National Executive Council then confined the negotiations to the National Poor Law Officers' Association; the older and larger Organisation which in many respects is more comparable with N.A.L.G.O., especially as regards separate activities. The Association has returned a membership of 12,314. It also has a Benevolent and Orphan Fund, an Approved Society, and an insurance section, the National and Local Government Officers' Mutual Insurance Association, Limited. The Benevolent and Orphan Fund was established in 1893, and up to the end of 1928 assistance had been given in 757 cases, representing a total disbursement in benefits of £14,459. The cash balance at the end of 1928 was £600 16s. 9d., and the total investments at market price, were £3,578 15s. 3d.

The Approved Society has a membership of 4,702, and its financial position is very similar to our own. The third valuation reports of both Societies for the period ending

31st December, 1927, show the following comparable statistics:—

N.P.L.O.A.			N.A.L.G.O.		
Membership: Men	...	1,720	Men	...	8,021

The National and Local Government Officers' Mutual Insurance Association, Limited, is registered under the Industrial and Provident Societies Act, and issues Policies for Fidelity, Life, Employers' Liability and Fire Insurances. The share capital represents £97,304.

The extended activities of County Councils and County Boroughs from the 1st April brings within the range of N.A.L.G.O. membership a possible 20,000 officers of a status similar to those which are now enrolled in N.A.L.G.O., and the principal advantage from a complete amalgamation will be the establishment of confidence in N.A.L.G.O. amongst our new colleagues.

We are proud to record that at the 31st January, 1930, N.A.L.G.O. membership for the first time exceeded 50,000—an achievement of considerable importance.

Fusion will enlist the whole-hearted support of the leaders of the present Poor Law Officers' Association and encourage a rapid influx of still more members into N.A.L.G.O.

By linking up the two Approved Societies which are of equal financial standing, the present membership of this Section will be increased from 10,000 to 15,000; to secure the National and Local Government Officers' Mutual Insurance Association as another activity of N.A.L.G.O. will enable the Association to undertake a variety of insur-

ances to the interest of our members, which hitherto we have been unable to do owing to the restriction of the Friendly Societies Acts. The Industrial and Provident Society Act, 1893, gives scope to undertake most of the domestic insurances of our members.

Notice of Motion given by the National Executive Council.

"That the National Executive Council be authorised, and the Management Committees of the activities concerned, be recommended to carry out as quickly as possible complete amalgamation with the National Poor Law Officers' Association and its activities, on the basis of the following heads of agreement :—

"1. That it is eminently desirable that from the 1st April, 1930, there should be one National Organisation for all Local Government Officers.

"2. To attain the above object :—

(a) There should be a complete fusion of the National Poor Law Officers' Association (Incorporated), with N.A.L.G.O.

(b) That the Nalگو Approved Society should accept a Transfer of Engagements of the Poor Law Officers' Association Approved Society.

(c) That the National and Local Government Officers' Mutual Insurance Association, Limited, should be definitely accepted as an activity of N.A.L.G.O.

(d) That every person who immediately before the date of amalgamation of the National Poor Law Officers' Association (Incorporated) with the N.A.L.G.O. was a member of the former Association shall be eligible to become a member of the latter Association.

"3. That for the time being four representatives who are at present actively engaged in the Poor Law Service, or in the service of an Assessment Committee, and after the 1st April next, in the Local Government Service, to be nominated by the National Poor Law Officers' Association, shall be elected to serve as members of the National Executive Council of N.A.L.G.O.

"4. That a special Committee of twelve be set up under the title of 'Poor Law Transferred Officers' Committee' to advise, assist, and report to the National Executive Council on questions concerning the interests of transferred Poor Law Officers arising out of the Local Government Act, 1929; the Committee to be constituted as follows :—

4 members of the National Executive Council,  
4 members nominated by the present Executive Committee of the N.P.L.O.A. (Incorporated), and  
the

4 members of the National Executive Council elected under the preceding paragraph.

That Mr. Simonds' services shall be available for the Poor Law Transferred Officers' Committee.

"5. That the District Committees of N.A.L.G.O. be asked to appoint District Advisory Committees consisting of representatives of District Committees and co-opted representatives of transferred officers within the District area, to deal with propaganda and the special requirements of transferred officers.

"6. That the Branches be recommended to arrange for a representative or representatives of the transferred

officers to be appointed according to local rules to the local Branch Executive; this will probably fall within the ordinary appointment of Branch Executive Committees by regarding the Public Assistance Officers as a separate department.

"7. That the necessary procedure be taken to effect the Transfer of Engagements of the Poor Law Officers' Approved Society to the Nalگو Approved Society, in time to operate as one Approved Society from the 1st July, 1930.

"8. That for the time being the National and Local Government Officers' Mutual Insurance Association, Limited, be retained as a separate activity of N.A.L.G.O. and the Provident Society of N.A.L.G.O. similarly retained with the one exception that after amalgamation all Life Assurance Policies received by both sections shall be dealt with as follows :—

(a) Life Assurance Policies up to £300 to be put through the Nalگو Provident Society.

(b) Life Assurance Policies over £300 to be put through the National and Local Government Officers' Mutual Insurance Association, Limited.

"9. That as soon as possible a scheme be evolved whereby the whole of the Life Assurances of both sections shall be placed into one Fund.

"10. That for the convenience of organisation the whole of the activities shall be carried out at No. 24, Abingdon Street, Westminster, S.W.1, and that the best possible terms be arranged for sub-letting or disposing of the lease of the premises at No. 3, Upper Montague Street, Russell Square, W.C.1.

"11. That three members appointed by the National Executive Council shall be elected on the Board of Management of the National and Local Government Officers' Mutual Insurance Association, Limited.

"12. That the whole of the staff at present engaged in the whole time service of the National Poor Law Officers' Association; the Poor Law Officers' Approved Society, and the National and Local Government Officers' Mutual Insurance Association, Limited, be taken over by the National Association of Local Government Officers upon their present salaries and shall become from the date upon which they are taken over exclusive officers of N.A.L.G.O. under the control of the National Executive Council.

"13. That subject to the usual medical examination the whole of the transferred staff shall become members of the N.A.L.G.O. Staff Superannuation Fund, and previous service given to the National Poor Law Officers' Association and its activities shall count as provided for in Section 8 (2) of the Local Government and Other Officers' Superannuation Act, 1922.

"14. That subject to the foregoing, and to due consideration being given to recommendations of the Board of Management of the National and Local Government Officers' Mutual Insurance Association in regard to the work of that Association, the transferred staff shall be under the direction of the General Secretary, who shall allocate to the transferred staff such duties as will best conform to the experience, qualifications and usefulness of each member of the staff and as near as possible to the work which they are carrying out for the National Poor Law Officers' Association or its activities.

*Announcements of recommended accommodation in London will be found on Pages 78 and 79.*

# At Headquarters.

## Meetings of the National Executive Council and Committees.

The meetings of the Standing Committees held at 24, Abingdon Street, on the 31st January, and of the National Executive Council on the 1st February, were well attended, and heavy agendas were dealt with expeditiously.

At the meeting of the National Executive Council the following were present:—Messrs. A. P. Johnson (Chairman), E. W. B. Abbott, A. G. M. Archibald, W. W. Armitage, W. G. Auger, J. T. Baker, H. Begg, A. G. Bolton, G. C. V. Cant, G. Carter, J. Chambers, J. Chaston, F. R. Finch, G. S. Fraser, T. Freeman, A. A. Garrard, J. E. Gee, D. L. Griffiths, M. Humphrey, W. E. Lloyd, F. B. Lunt, F. ### Good Wishes.

Among the first business of the Council was the acknowledgment of seasonal greetings and good wishes from Capt. Wade, the South African Association of Municipal Employees, and the Preston (Vic.) Municipal Officers' Association, and of a resolution of the Bootle Branch "greatly appreciating the outstanding services rendered by the National Executive Council to the members of the Association during the past year," and expressing its grateful thanks. With cordial unanimity the General Secretary was instructed to reply adequately. Being nearer home, Bootle secured the warmest thanks.

### Royal Commission Report.

Consideration was given to the next steps to be taken in connection with the Report of the Royal Commission on Local Government, and it was decided that it should be referred to a Special Sub-Committee. A communication from the Secretary of the West Kent Branch relating to a recommendation of the Royal Commission was also referred to the Special Sub-Committee.

### Sanitary Inspectors' Association.

The differences which the Sanitary Inspectors' Association in regard to the evidence given by Nalگو witnesses before the Royal Commission on Local Government were the subject of a report by a Special Sub-Committee on the conclusions of their negotiations. The report was presented by Mr. Marsden and, after the President had spoken to certain aspects, was passed unanimously, and the thanks of the Council accorded to the members of the Special Sub-Committee. The agreed statement on the situation is published on another page of this issue.

## Amalgamation with the N.P.L.O.A.

Every aspect of a proposed amalgamation with the National Poor Law Officers' Association, Incorporated, was considered by the Standing Committees governing the various activities of the Association, and resolutions were submitted to the N.E.C. which appointed a Special Committee. The results of negotiations will be submitted to a Special Conference to be held at the Central Hall, Westminster, on Saturday, the 15th March. A copy of the Agenda of this Special Conference is printed on another page of this issue.

## Benevolent and Orphan Fund.

The proceedings of the Benevolent and Orphan Fund Management Committee provided an example of the combination of benevolence and business. Benevolence was represented by the unanimous desire that every deserving case should have the fullest measure of speedy assistance, while business was indicated by the manner in which every care was taken to protect the Fund and take advantage of measures to increase its efficiency.

### Financial Statement.

The Chairman submitted a financial statement comparing the receipts and payments for the year 1929 with the total income and expenditure for the year 1928. This showed that for the year 1928 the total income and the total expenditure were £14,650 10s. 5d. and £9,835 5s. 6d. respectively; while for the year 1929 the receipts (including investments realised) were £18,158 9s. 0d., and the payments made (including investments) £18,860 10s. 0d.

### "Help Yourself" Society.

A statement submitted showed that 33,284 copies of the "Help Yourself" Annual were sold in 1929, resulting in a net surplus of £2,460 13s. 0d., as compared with 16,496 copies in 1928 and a net surplus of £1,178 4s. 4d.

On the suggestion of the Reading Branch, the N.E.C. were recommended to make a grant of £25 to the Society to provide gifts. The Council approved this recommendation.

### Donation from the President.

The Committee recorded its appreciation of Mr. A. P. Johnson's generosity in again presenting to the Fund an amount received by him in respect of mortgage fees received by him in connection with business done for the Nalگو Provident Society. The amount on this occasion was £49 16s. 0d.

### Applications for Assistance.

A large number of applications for assistance were considered in conjunction with the recommendations of the Regional Committees, and grants and loans authorised. It was decided that where revisions in allowances were made, increases should operate from the 10th February and decreases from the 1st April, 1930.

The Committee submitted to the Council recommendations in regard to Sustentation Grants and loans for educational purposes which were referred to the Finance and General Purposes Committee.

## Service Conditions.

The Service Conditions and Organisation Committee dealt with many important matters including the Defence Reserve Fund, the representation of classes of Authority on the N.E.C., administrative posts in the Education Service and Amalgamation with Poor Law Organisations.

### Sports.

The Sports Sub-Committee reported on the formation of a Sports Council stating that at present there was not

sufficient ground to warrant the expense and suggesting that District Committees should continue to foster area competitions.

Rules were laid down for the Annual Golf and Bowls Competitions, the progress of the Correspondence Chess Competition was reported, and recommendations made in regard to the details of the Annual Sea Cruise.

#### Defence Reserve Fund.

Reports on the Defence Reserve Fund were considered on the reference from Conference, and recommendations made to the N.E.C. which approved the following resolution:—"That, although the circumstances prevailing at the time of the inception of the Defence Reserve Fund have changed, the necessity for the Fund still exists, and it should be retained and augmented by the transfer of 20 per cent. of the annual surplus on the Revenue Account as decided at the Annual Conference in 1929, and that the administration of the Fund should be entrusted to the National Executive Council.

#### Representation of Classes of Authority.

Rule 51 and its amendment to meet the spirit of the recommendation of Conference was considered and new wording submitted to the N.E.C. for approval. The new draft is designed to bring the Rule up to date in regard to the altered conditions which will obtain when the Local Government Act comes into operation. The proposed amendments will be submitted to Conference on a motion by the N.E.C.

#### Publications.

Earnest consideration was given to the conduct of the Official Journal and its representations made regarding the Holiday Guide and Diary. The position in regard to the publication of a weekly journal was submitted to the N.E.C. which, however, laid it down that a free issue of a weekly would be too costly, while by making a charge it would not reach the whole of the membership.

#### Certificates of Exception.

The position in regard to the regulations of the Ministry of Labour in granting Certificates of Exception for Unemployment Insurance was explored, and action reported in the attempt to obtain recognition by the Ministry of service prior to appointment to a designated post in calculating the qualifying period of three years on the permanent staff.

#### Law and Parliamentary.

The Law and Parliamentary Committee considered applications for legal aid and advice in cases involving slander, accident compensation, an appeal against a surcharge, and implication of dishonest practice suspension from office, and the recovery of damages in a legal action.

#### Road Traffic Bill.

In connection with the Road Traffic Bill it was reported that there were cases in which officers of Local Authorities were employed in various ways in connection with the licensing and inspection or certification of Public Service Vehicles, and that some of the duties performed by Local Authorities would be transferred to the Traffic Commissioners under the Bill, with the result that some reduction of staffs of Local Authorities might take place. A letter has been addressed to the Minister of Transport asking that provisions for compensation should be made in the Bill, and that it is hoped to arrange an interview with one of the Ministry's officials when details of cases which had been collected will be brought to their notice.

#### Parliamentary Bills.

It was reported that copies of Private Bills had been studied and appropriate action taken where necessary, especially in regard to the protection of superannuation rights.

#### Education.

Among the principal items of business considered by the Education Committee at meetings held on the 16th November and 31st January was the organisation and programme of the Summer School to be held at Keble College, Oxford, from the 2nd to the 16th August. A programme of lectures and discussions has been drawn up, and a panel of eminent lecturers, Members of Parliament, Civil Servants and Local Government officials enrolled to deal with the various subjects. Further particulars will be found on another page.

#### Standard of Preliminary Examination.

A letter from Dr. D. H. Geffen, Medical Officer of Health to the Enfield U.D.C., urged on the Committee the importance of raising the Preliminary Examination to such a standard that it would rank with matriculation, and serve exemption from the entrance examinations of the profession. As a result the Education General Sub-Committee was requested to review the Syllabus for the Preliminary Examination and to make recommendations, having regard to the gradual change in education standards generally, and to consult with other examining bodies, if necessary, with a view to securing co-ordinated action.

#### Lending Library.

The Lending Library having proved so popular with students, and the demand for books so exceeding the original estimate, the N.E.C. was requested to make a further grant of £50 to procure further books. The Council agreed to make this grant.

#### Intermediate Examination.

Pending the consideration by Conference of a report by the N.E.C. on the exemption of officers from subjects in the Intermediate Examination, it was decided that candidates who satisfy the Assessors in not less than three of the subjects in the Intermediate examination may, at the discretion of the Assessors, be allowed to take the remaining subject or subjects within the next twelve months in order to satisfy the requirements of the regulations.

#### Finance.

The Finance and General Purposes Committee submitted the draft Programme for the Conference at Lowestoft, which was approved. In regard to the question of having a special session at each Conference attended by representatives of Local Authorities for the discussion of matters of general interest it was decided to recommend the N.E.C. to report to the next Conference that, in view of the fact that the time allowed for the Conference is already wholly taken up by the ordinary procedure and agenda, and the difficulty of finding subjects of common interest to all departments of Local Authorities, it cannot recommend a special session at every Conference, but that representatives of Local Authorities might be invited to sessions at which special problems are discussed.

#### Representatives on Other Bodies.

Mr. A. A. Garrard was re-appointed to represent the Association on the National Council of Social Service, and Mr. F. R. Finch will again represent the Association on the London "Safety First" Council this year.

### Financial Statement.

The Honorary Treasurer submitted a Statement (considered by the Accounts Sub-Committee on 17th January, 1930), comparing the receipts and payments for the year 1929 with the income and expenditure for the year 1928. This showed that for the year 1928 the total income and the total expenditure (including investments) were £40,497 3s. 11d., and £33,383 12s. 0d. respectively, while for the year 1929 the receipts were £38,913 1s. 10d. (including investments realised), and the payments £49,558 1s. 11d. (including investments).

### Nalگو Provident Society.

The Honorary Treasurer submitted a financial statement comparing the receipts and payments for the year 1929, with the total income and expenditure for the year 1928, this showed that for the year 1928 the total income, including the repayment of mortgages and the total expenditure, including investments, were £32,104 18s. 5d. and £27,806 9s. 11d. respectively; while for the year 1929 the receipts including repayment of mortgages were £37,596 13s. 11d., and the payments including loans on mortgage, etc., were £32,652 10s. 2d.

### Distribution of Surplus.

## Annual Meetings.

At the Annual Meeting of the Gloucester City Branch, it was decided to ask the District Committee to hold their first meeting in 1930 at Gloucester.

The Town Clerk in proposing the election of Mr. C. J. Luker as President, referred to the fact that he had been the Hon. Secretary from the inception of the Association in January, 1910, and expressed the hope that he would consent to hold the office of President and Hon. Secretary and so attain his majority in the office.

The Annual Meeting of the North Devon Branch was held at Barnstaple on Thursday 30th January. The following elections and appointments were made for the ensuing year. President, Mr. F. C. Backway (Bideford); Vice-President, Mr. P. Chugg (Woolacombe); Hon. Secretary Mr. J. Ackland (Bideford); Hon. Treasurer, Mr. H. Skinner, (Ilfracombe); Hon. Auditors, Mr. R. H. Stevens (Ilfracombe) and Mr. W. H. Searle (Barnstaple).

Executive Committee: Messrs C. H. Cockram (Barnstaple), Capt. H. G. Brede (Ilfracombe), C. P. Milsom (Bideford), A. A. Richards (Barnstaple R.D.C.), E. Kingdon (South Molton), F. B. Goodman (Ilfracombe), W. F. Ashplant (Northam), together with the ex-officio officers. The Balance Sheet for the past year was presented, received and adopted. Following the meeting a delightful Social took place, ladies being invited.

The Wolverhampton Annual Report records steady progress, including the adoption during the year of a grading scheme by the Corporation. The Committee place on record the valuable services to N.A.L.G.O. rendered for over 25 years by Mr. J. Duffy, who has retired on Superannuation; also the great services given by Mr. H. Hacking, who was Chairman of the Branch, on resigning to take up the appointment as City Treasurer of Worcester, and by Mr. J. M. Dodds who had left on appointment as Deputy Town Clerk of Harrogate. During the year Mr. Dodds generously presented a Silver Cup to the Branch for competition among the male members of the Tennis section.

Owing to pressure on space the publication of Branch Notes and much other matter has been unavoidably held over.

## Nalگو Summer School.

The Summer School arranged by the Association to be held at Keble College, Oxford, from the 2nd to the 16th August, 1930, will offer a unique opportunity for officials, members of Local Government bodies and students to increase their knowledge and appreciation of the foundations, structure and history of English Local Government. While the chief objects of the school will be generally cultural, the practical side has by no means been neglected, and everyone attending should find his efficiency increased whatever his position.

In arranging the School prominence has been given to the value of the course and the convenience of those attending. It is no "cramming" course which has been planned, but a series of lectures, discussion and "Tea Talks" designed to broaden outlook and to get back to first principles in considering practice and prospect. The lectures will be delivered by eminent University Lecturers, who will assist in the discussions, while "Tea Talks" will be led by prominent Members of Parliament, Civil Servants and Local Government Officers.

There will be no dry-as-dust mumblings of platitudes, but the vivid presentation and discussion of matters which are vital. The lecturers have been chosen not only for their eminence and the greatness of their academic qualifications, but because of the fact that they are proved leaders in a field of knowledge which is now of such great importance. Knowledge of government and administration - and because they can enliven and warm the cold black and white of the text books.

So that the academic aspect shall not hold the field alone, the legislators and administrators will deal with the practical side. Where the lecturer states and explains the principles and bases, the practical man—the

man whose living and life it is—will deal with the manner and practice.

This blending of the theoretical and the practical will prove of immense value to all those who can attend.

The Councillor, probably a man busy in other fields, will find his public spirit quickened and his value to his public increased not only by what he will hear in formal lectures, but also by contact with the officers who are administering public activities and with the juniors who are fitting themselves to become efficient servants of the public.

The established officer will have the advantage of getting away from his department and its routine and will re-examine the "why" of his job and its place in the body-politic instead of being concerned with the worrying details of its "how."

The student will strengthen the foundations of his studies, and while this will help him to pass examinations it will still more help him to climb to the higher posts. He will also have the inestimable benefit of contact with men of the classes named above, and what is more, he will meet them on common ground—a common interest in the profession.

Just as life is not all work so the Summer School will not be all study, and great importance is attached to friendly social intercourse.

On the social side a programme of events is being prepared, though, perhaps, programme implies something more rigid than is actually intended. What is planned is rather a selection of attractive parties to explore the Colleges and the surrounding country and to enjoy the beauties of town and river.

There can hardly be a soul incapable of being impressed by the beauty and spirit of Oxford. The Summer School offers the opportunity of enjoying this beauty, and being imbued with this spirit in the manner worthy of those great and noble men who founded and built up this City of Learning in the pursuit of knowledge and the strength which knowledge gives.

## "The Political Quarterly."

The first number of a new quarterly review, entitled *The Political Quarterly*, has appeared. Its function is to discuss social and political questions from a progressive, but not from a party, point of view, and it is published by Macmillan and Co., Ltd. Price 3s. 6d. net.

Among the contents of this first number are "Democracy and the Expert," by Alfred Zimmern; "How Far Can a Labour Budget Go?" by J. Wedgwood; "The Problem of the Mines," by G. D. H. Cole; "The Future of Trade Union Law," by W. A. Robson; "The Question of High Wages," by J. M. Keynes; and a survey of social statistics by A. M. Carr-Saunders.

In every one of these articles there is matter of interest to the administrator, not, of course, of purely technical use in the conduct of his duties, but of definite value in showing an attitude or mode of thought in regarding the major problems of political and social activity.

## Index to Vol. 12.

## Service Conditions.

The D.O.S. has interviewed the Skipton U.D.C. in respect of the salaries of certain officers. Small increases have been granted in several cases.

In response to a request the Normanton U.D.C. granted an interview to the D.O.S. in respect of the grading of the Officers and the adoption of the West Riding Joint Council's Scales of Salaries. It was agreed to reconsider the matter at a later stage.

The Hull County Borough Council have adopted a new Salaries and Grading Scheme in respect of the official staff.

Some good work has been done on behalf of the Staff by the Local Joint Committee at Leeds. As a result of the recommendations made, the Council have agreed to a revision of the office hours on Saturday mornings, and to certain improvements in the annual increments of Junior Officials who may be below the minimum according to the age specified in the Grading Scheme. Valuable privileges have also been granted to Junior Officers between the ages of 18 and 21 years in respect of fees for attendance at Evening Classes. Some adjustments have also been made in the salaries of certain officers whose classification and grading had been revised consequent upon appeals.

At Sheffield the annual holiday arrangements of the Staff have been revised, and extensions have been granted in a large number of cases.

The D.O.S. met the Coalville Council in support of an application for a grading scheme. He was received very favourably and it is hoped the application will be successful.

As the result of representations to the London and Home Counties Joint Electricity Authority, the minima of the salaries of Typists and Junior Clerks have been increased by £20. This is not an adequate response to the application.

### Superannuation.

The Buxton Borough Council have unanimously passed the resolution under Section 2(a) adopting the 1922 Act.

The Worcester County Council have passed the resolution under Section 2(a) adopting the 1922 Act by the necessary majority.

The Lindsey County Council have decided to obtain an Actuarial Report.

Representatives of the Borough of Newcastle, Wolstanton United U.D.C. and Newcastle R.D.C. have met and agreed upon a draft combination scheme.

The Newport, Mon., Corporation have passed the resolution under Section 2(a) adopting the Act by 28 votes to 1 with 4 members neutral.

The Establishment Committee of the Plymouth Council, having obtained authority to engage the services of an Actuary, are now collecting the necessary information for the preparation of a report to the City Council.

**YOU ARE THE SAME FLESH AND BLOOD AS THE MAN ABOVE YOU! HAVE YOU DISCOVERED THE FACT?**

PSYCHOLOGISTS have discovered the "Inferiority Complex" which makes some men contented in a lowly sphere of life, out of which it is quite possible for them to rise if only they could or would be roused to a sense of their own responsibilities.

Reasonable contentment is a good thing, but a sense of inferiority dwarfs all thoughts of ambition and stifles the intellect.

Therefore, while you have the power, cease to consider yourself inferior. Rise to action now; set yourself a definite task and convince yourself as well as others what you can do.

Realise, while the years of youth are yet at your service, that training means gaining—gaining promotion, gaining responsibility, gaining position, gaining prosperity, and, above all, gaining independence throughout your life.

Resolve to Succeed, and let the Metropolitan College help you to carry your resolution into

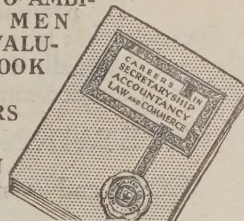

effect, and guide you surely on that road of life's achievements along which so many thousands of the students of this famous College have passed before you to positions of trust and high remuneration in the Professional and Business World.

Fill in and dispatch now the Coupon below for a free copy of the Metropolitan College 124-page "Guide to Careers in Accountancy, Secretaryship and Commerce." It tells how, through the medium of the unique postal training courses of the College, the problems of your future may be solved, and how by fascinating paths with an ever-widening horizon, constantly growing in efficiency and in the respect of those with whom and for whom you work, you can move inevitably towards the commanding position of the Qualified Man with consequent high remuneration.
